OLD FRIENDS

Each golden friendship I have known . . . Is like a guiding star . . . That leads me
through the yesteryears . . . Of places near and far . . . The large and little cities and
. . . The streets of long ago . . . Where life was merely part of all. . . The winds
that used to blow . . . Each helping hand and loving smile . . . Is like a song of old
. . . Imbued with all the melody . . . I wish that I could hold . . . And though the
hours still to come . . . May be a million more . . . I dream about the happiness . . .
That filled my heart before . . . I see the faces young and bright . . . That meant so
much to me . . . And their endearing friendship is . . . My fondest memory.

James J. Metcalfe

WORDS OF WISDOM:

May I congratulate you for the fine work you have done on this, the 1979 Pibroch.

This book represents many hours of hard work, but I am sure, pleasant work on the part of the staff. You will be repaid for your efforts when you stop and consider the enjoyment it will bring to students and graduates of Highland High in the years to come. To you, "Thanks" for a job well done.

Dear Students

Our school has established an outstanding record for sportsmanship as well as achievement in all phases of activities. From the classroom to the athletic fields, and from the livestock shows to the literary competition our school has an enviable record. You, as students, may contribute to that record or you may take from it. You are urged to be a part of your school by contributing to its activities and supporting it in all phases of its endeavor. If you can not actively support by participation, you can support with your approval and enthusiasm.

Sincerely,
Paul D. Gothard

We, of the Highland Annual Staff have tried to capture all the significant moments of this year in our '79 Pibroch, FRIENDSHIPS. During the year many friendships have blossomed and grown. I hope this annual will be one that each can treasure for the rest of his life. It is my sincere hope that you will look back in future years, and retrace many happy memories and warm friendships.

Last, but not least, we would like to extend our appreciation to Miss Straub and Mr. Gothard for making this annual possible.

Hands of Friendship

Beautiful hands of friendship
Are a treasure to possess.
Their magnificence and their splendor
Bring charm that's limitless.

Willing are they to perform
The tasks that need be done;
Dependable, trustworthy, and loyal
From dawn till set of sun.

Giving a helping hand to all
Whom they may assist each day,
Thoughtful, courteous, and understanding
As their glow drives tears away.

Ready to work and pray for good,
To have things at their best;
Cheerful while going that second mile
Prepared to stand the test.

Quite busy but efficient are they
as they meet what life demands,
For accomplishment and satisfaction
Are wrought by competent hands.

Did I Look Like That?!

The Way We Were:

Back in the fall of 1966, there was a band of adventure seekers wandering through our mighty and looking for fame, fortune and excitement. The band being eighteen in number was led by the most daring of all, Tim Kidd. His curious and faithful followers were Johnny Diaz, Robert Heflin, Lance Light, Raymond Reyes, Paul Rieger, Brad Thompson, Darrell Stewart, Johnny Ramirez, Weldon Humphries, Johnny Venzor, Jeanna Brown, Karen Johnson, Marta Pantoja, Linda Wright, Jamie Garcia, Ramon Ballesteros, and Vincent Ballesteros. This group found many an adventure here at Highland, but also had their problems — teachers, reading, writing, and arithmetic, all in one big classroom. By the beginning of their second year these problems had overcome seven — Johnny Diaz, Johnny Ramirez, Weldon Humphries, Johnny Venzor, Jamie Garcia, Ramon Ballesteros, and Vincent Ballesteros, but one brave soul wandered in — Beula Perez. Although Beula only stayed one year, the excitement became so much that she left taking with her Robert Heflin and Karen Johnson. By now the Adventure Seekers were going on their fourth year. Their fame which was well known throughout the area, enticed others to join forces. So Don Martin, Daniel Anderson, Schene Short, and Susan Jones were invited into the group. Schene couldn't take all the excitement, and after one year, Marie Gray came to replace her, but she didn't last either. She left taking with her Susan Jones. They were determined to find their fame elsewhere. As the fame and fortune of this group increased, so did the group. Theresa Fernald came in for a short one year stay, followed by David Thornhill and Clem Murray. Eight years now the mighty adventurers had taken complete control of the area. They needed help, and recruited Darla Byrne, Penny Martin, Richard Gartin, and Rita Kenshaw. Now was the moment of decision, they only had four years to go. Daniel Anderson, Penny Martin, David Thornhill, and Richard Gartin made their decision to move on, but left Wempken tried to take the place of all four. The fame, fortune, and excitement of the group multiplied as they approached the eleventh year. Darla Byrne was offered an adventure to another land, and had her add to the clan, just as Clem Lopez ventured in. Now we can really see how adventurous the group has become.

What to Expect:

It has begun as a quiet, eventful night. No clouds in the sky, stars shining brightly, and a mild breeze from the south. It was a great night for sleeping, so I went to bed early. The next thing I was aware of was a clap of thunder so loud, it nearly shook me out of bed. Then, a beam of lightning lit the room so bright that I thought I had been blinded. Appearing out of all of this was the figure 2000 and the words "Series of 9". What followed was a chain of events that I hardly understood, in fact, you are the first one that I have told!

I found myself lying on a hospital bed. Something was hurting, but I could not exactly figure out what it was. Beside me was standing a nurse with a hypodermic needle that looked as big as a 1/2 inch pipe. Somehow, she gave me a shot with it. As she turned and smiled at me, I could see that it was Linda Wright. I would have known her smile anywhere.

I suddenly found myself riding a bucking horse. Boy, was he a rough one. He had all the turns and twists of a can of worms! During all his capers, one of his legs was broken. We finally got him into a trailer and took him to a nearby town to have him fixed. There to perform the task of setting the broken leg was the distinguished looking DVM Tim Kidd. His only assistants were his wife and four kids.

The scene changes to the rodeo at the Houston Livestock Show. It is the intermission and time for the STAR attraction. Taking the stage in the center of the Astrodome, which had recently been enlarged, was Raymond Reyes. As best I could determine, his singing and his band's music were so great that the rest of the rodeo was cancelled.

I now find myself in a very strange surroundings. Yes, I believe it is some type of a training station as I see soldiers going in and out of the barracks. Here comes a company of soldiers down the street. They are marines! Of all things, the drill sergeant is Clem Murray. I get to talk to him just a minute or two. No wonder I didn't know where I was. I was in a Marine Camp in West Germany. Clem had me — German girl who stationed in Germany, married her, and they now had five children. He said he was in for 30 years and would then retire there and run a tire store.

I looked at myself and saw a person who has gained an enormous amount of weight. In fact, he is just plain fat! However, I am sitting in front of a handsome brown-skinned man who is a registered Doctor of Hypnosis. He has me under some type of special rule, trying to tell me that I can't think my fat off. I am just barely conscious enough to recognize Clem Lopez.

The next thing I knew, I am in a large factory of some type. On looking around and inspecting it, I discover a very streamlined type of motorcycle is manufactured there. When I ask to see the manager, it is Paul Rieger. He personally inspects and personally test drives every motorcycle that is built there. In his spare time, he does stunt driving for the movies.

I slowly look around me and discover that I am sitting in a lovely, exclusive Mexican restaurant. There is a very sexy band playing music fitting for the surroundings. I have never heard the name before of the husband and wife team who operate this elegant place, but there can be no mistaking her as the lovely Marta Pantoja.

What's that I now see? Oh, yes, I can make it out now. It is some of the most beautiful flowers I have ever seen. It is the interior of a lovely flower and garden shop. Business is really jumping, and so is the owner of it, Jeana Brown. She still acts like the old Jeana. The flowers are here are a stroke. I freshen up, love, ready to cheer someone up.

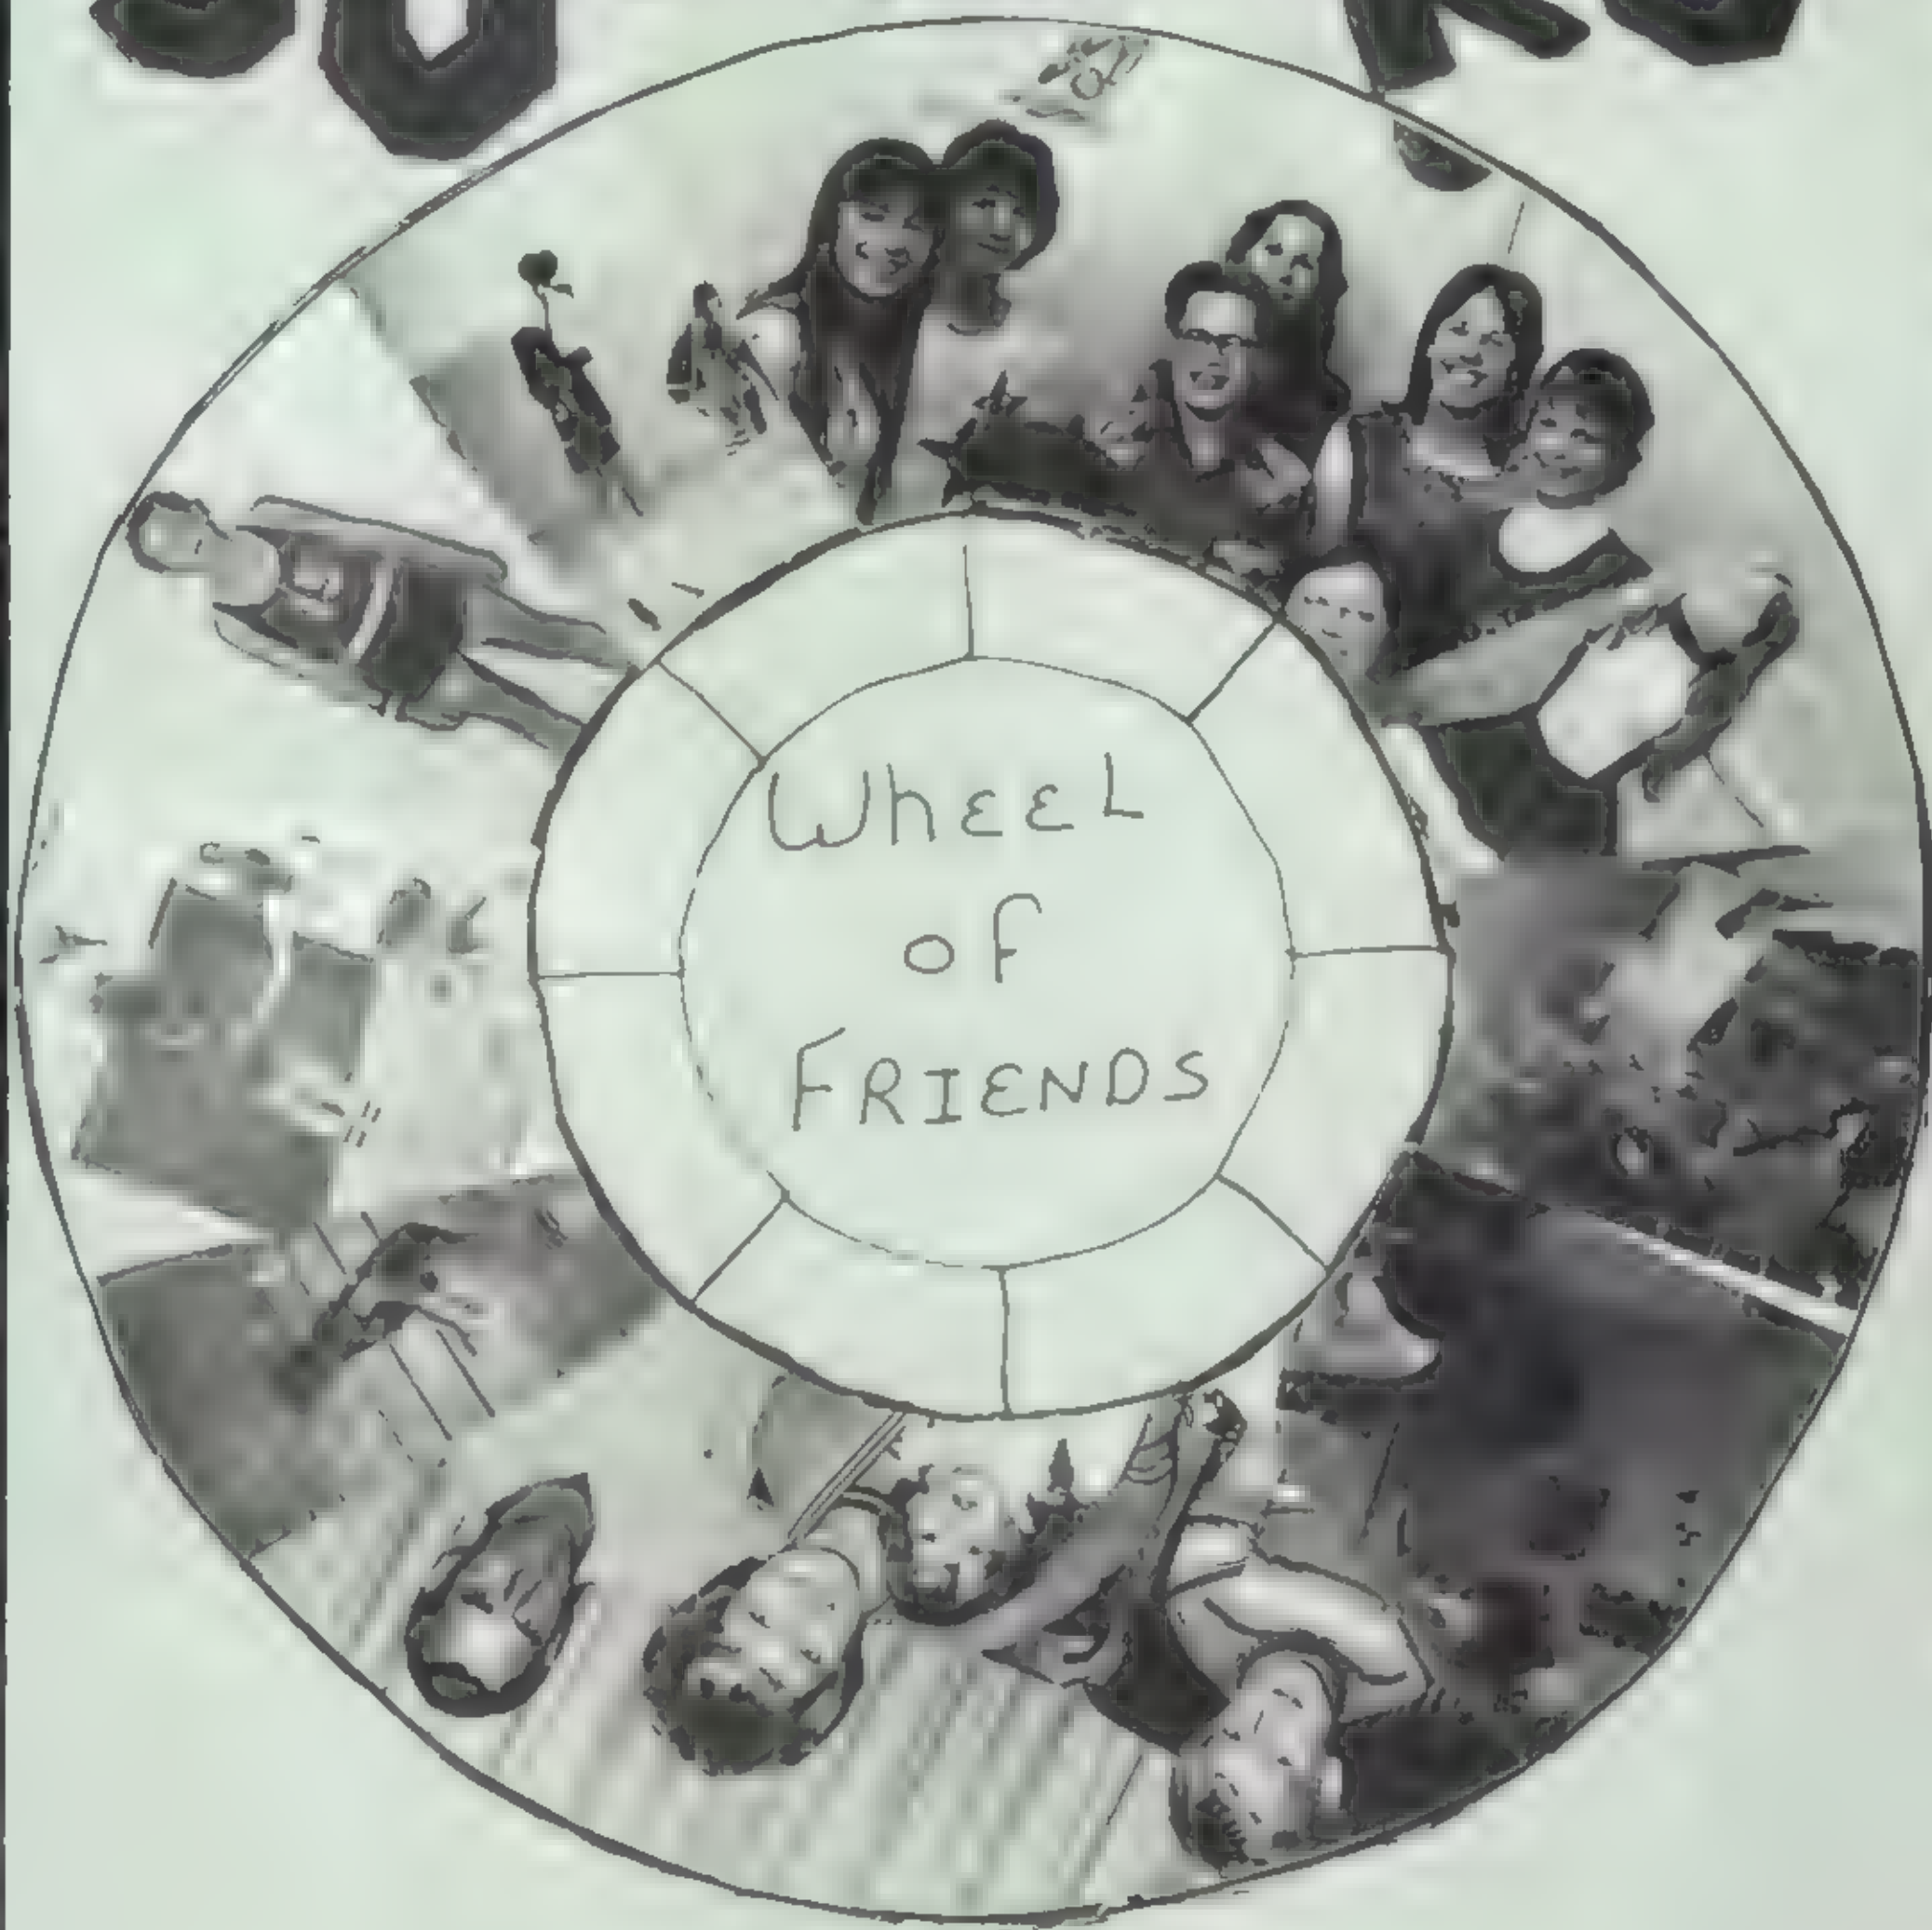

The haze is about clear now. Oh, yes, I am in the stands of an automobile race track. My, but these engines are humming. The race is about ready to begin. Good grief! It's the Indianapolis 500 and sitting in lane No. 1 with her engine humming at top speed is no other than Rita Kenshaw. Zoom! Off they go, she's ready in the race — but I didn't get to see the finish!

At last, once I find myself inside of what looks like a University Campus. After much stumbling around and asking questions, I end up in the President's office. I see the letters OCU everywhere I go. Suddenly I realize that this stands for Oklahoma Christian University. I have to wait a while, but when the president finally makes his way into his office, it is the kooky-haired Lance Light. He has started changed much. He looks like Oklahoma has been good to him.

What's that I hear? A voice from the radio? They are beginning the countdown before sending a space capsule to the planet Pluto. What a trip! As they begin the countdown and give a few particulars on the hazards of the trip, I learn that the "brain" behind the capsule that have been made is the one and only Darrell Stewart. Counting 5, 4, 3, 2, 1. Blast off! They're gone. Who is inside the spacecraft? I can't believe it! Brad Thompson and Don Martin! My, but they trust Ole' Darrell a lot more now than they did 20 years ago.

What's that noise? Is the space craft blowing up? No, it's my alarm clock. Time to get up. What a night. If these things don't come to pass it's not my fault. I just read the "Handwriting on the Wall".

FRIENDS

I think that God will never send
 A gift so precious as a friend,
 A friend who always understands
 And fills each need as it demands:
 Whose loyalty will stand the test,
 When skies are bright or overcast;
 Who sees the faults that merit blame
 But keeps on loving just the same;
 Who does far more than creeds can do
 To make us good, to make us true
 Earth's gift's a sweet enjoyment lend
 But only God can give a friend

Highland High Students are extremely proud of their class representatives. This year as always, the students worked hard and furiously for their respective classes in hope that their candidates might reign as Carnival King and Queen. The Seniors won with a total of \$2241.75 while the Juniors were close behind with \$1608.30. Each class did a great job while learning to work together.

HALLOWEEN CARNIVAL:

The Highland Halloween Carnival came to its peak with a salute to our great state, TEXAS. The program portrayed many historical happenings in Texas; Everything from a shootout over a card game to a group of early pioneers singing "Red River Valley," and the Railroaders with "Wabash Cannonball," and "I've Been Working on the Railroad."

The first, second, and third grades paid tribute to our state with "Git Along Little Doggies," "Deep in the Heart of Texas," and "The Yellow Rose of Texas."

The High School Choir sang "Tumbling, Tumbleweed;" "Texas, Our Texas;" "The Eyes of Texas," and "The Battle Hymn of the Republic." At this time the United States and Texas flags were presented by Darrell Stewart and Raymond Reyes.

Of the many programs that the Highland FHA had this year, our favorite ones were a "Home Energy" program by Margret Bishop and a special "Christmas in Norway" by Tove Duncan and Heidi.

HIGH SCHOOL

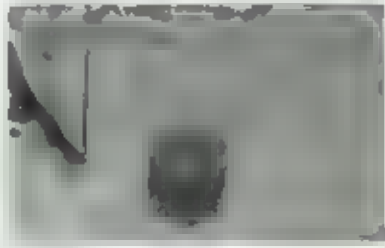

Basketball has been like a new beginning this year since the six player game has been changed to five players. It has not only been a challenge for the team, but for myself as well. We have all put in a lot of long hours and hard work to adjust to the changes. I feel like the strong determination from this team has helped in succeeding to meet this challenge.

Basketball has been very exciting this year. In both our high school and junior high programs we've enjoyed the success of winning and learned the heartbreak of losing. I feel we've learned other things more important than just winning and losing. We've learned teamwork, trust, confidence in others, honesty, and most of all, sportsmanship. Through the rest of our lives, if we continue to keep these good habits, we can truly say our life has been a success and a credit to the Highland School.

Coach Robbie Sanford

TENNIS IS HERE!

Last year was our first year to play tennis and although everyone was a beginner, we were proud of our new sport. This year the team has grown larger and we are more confident of our abilities.

HHS GOLFERS

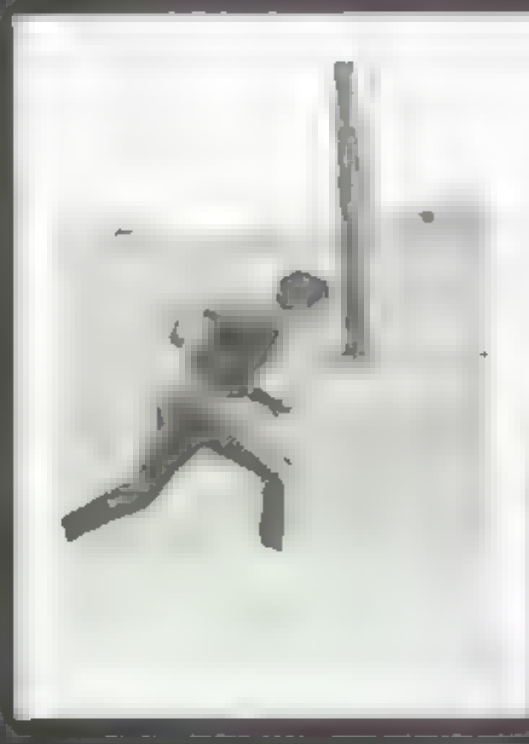

Our boys' team consists of four Freshmen and two Seniors and Rita is our only girl participant. The team is looking forward to a very successful year.

HIGH SCHOOL TRACK

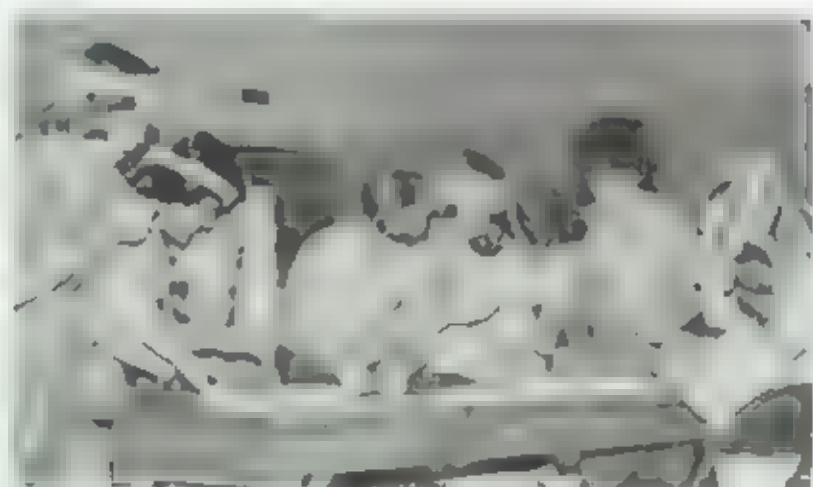

Before you reach the Thrill of Victory,
you must go through the agony of
burning lungs, aching sides
pulled muscles, and that gooey
feeling of Cramers between your fingers
But you know in the end, it's all worth it

Junior High:

The Junior High Students have participated in many things this year, enjoying themselves while bringing enjoyment to those who observed.

Friendship is a golden chain,
the links are friends so dear,
And like a rare and precious jewel
it's treasured more each year . . .
It's clasped together firmly
with a love that's deep and true,
And it's rich with happy memories
and fond recollections, too . . .
Time can't destroy its beauty,
for as long as memory lives,

Years can't erase the pleasure
that the joy of friendship gives . . .
For friendship is a priceless gift
that can't be bought or sold,
But to have an understanding friend
is worth far more than gold . . .
And the golden chain of friendship
is a strong and blessed tie
Binding kindred hearts together as
the years go passing by . . .

HELEN STEINER
